

AELIAN

BIOTECHNOLOGY

At Aelian Biotechnology, we combine two of the most powerful technologies in modern biology, CRISPR screening and single-cell sequencing, to identify critical genes and pathways driving disease states or provide unique insights into the mechanism of action of drugs. Our company culture is fast-paced and collaborative with a strong commitment to excellent science. We are looking for people who are passionate about our mission and who genuinely care about delivering superior scientific work.

Currently, we are looking for a **Lab Manager/ Full Time (m/f/d)** with experience in:

- Purchasing consumables and key reagents
- Inventory management
 - Consumables (e.g. cell culture media, plastic ware, enzymes)
 - Shared reagents (plasmid stocks, cell lines)
- Maintaining laboratory equipment and arranging replacement, service, and repair
- Laboratory Safety
- International Shipping via FedEx, Biocair and others
- Basic lab duties (e.g. pouring agar plates or preparing LB medium)

In addition, we are planning the refurbishing of new labs (~450m²). This includes adapting the layout, installing proper air condition, furnishing the labs with suitable lab furniture and purchasing specialized laboratory equipment. We have done so before and have suitable contacts for every one of these tasks, but need the Lab Manager to help organize and project manage this large task in Q1 and Q2-2022.

Good knowledge on MS Word and Excel is a prerequisite for your daily work. As Aelian Biotechnology operates in an international environment, good English skills are required.

To be formally eligible, you should have completed a Master's Degree and should have 2 to 3 years of relevant experience working in a laboratory – ideally as a lab manager. We are looking for team players that have strong organizational and project management skills.

The position is a full-time position (40h per week; 8h per day) with a permanent contract. The monthly salary amounts to 2.650 EUR gross income. A higher salary is possible depending on the experience and fit of the candidate.

If you would like to be part of a young and exciting company, please send your application to Dr. Tilmann Buerckstuemmer (jobs@aelianbio.com) no later than January 15, 2022. Note that we are evaluating incoming applications on a rolling review!
